

PUMPKIN ENZYME PEEL FACIAL PROTOCOL

REVITALIZE + STIMULATE

Discover glowing skin with the enzymatic process of organic pumpkin + exfoliation of Glycolic Acid. Revitalize dull, aging skin with this antioxidant power treatment! The stimulating action of Glycolic Acid and Bilberry + Clove increase cell turnover, brighten skin, reduce fine lines + wrinkles. Recommended in a series of weekly treatments for 4-6 weeks for optimal results.

PROTOCOL:

Instruct client to fill out the Skin Health Intake Form. Complete skin health + aromatherapy consultation. Client will choose aromatherapy. Should not be done on sensitive skin types.

AROMATHERAPY | MIND + BODY

Dispense Vahati Herb Infused Healing oil blend into hands with 2 drops of aromatherapy oil. Rub hands together creating warmth and prana. Place hands 2 inches above clients face and have client begin deep breaths (inhale | exhale). Repeat 3x. Slowly move your hands and transition into hand placement - thumbs at crown chakra (MP1). Gently press + hold.

Drape client's hair to begin

INITIAL CLEANSE

Apply Purify Botanic Cleansing Oil to a cotton round to remove any eye makeup. Dispense Purify Botanic Cleansing Oil into palms, add a touch of water to emulsify and gently apply to entire face, neck and décolleté. Using effleurage cleansing movements, cleanse for 1-3 minutes. Apply warm towel, drape around face. Gently press + remove remaining product.

Perform skin analysis | Analyzing clients skin type and skin conditions

CLEANSE

Dispense 1 pump of Clarifying Cleansing Gel with equal parts of Illuminate Enzyme Cleansing Powder into hands. Using effleurage cleansing movements, cleanse for 3 minutes. With ring finger, press + hold at MP 10, outer corner of eye to end cleansing sequence. Apply tepid towel, drape around face. Gently press and remove remaining product.

TONE

Spritz Bright Facial Mist on esthetic wipes and wipe the skin clean.

REVITALIZE + STIMULATE

Dispense + apply thin layer of Pumpkin Glycolic Peel 20% starting at chin, working your way up around the face, ending at the forehead. Leave on for 5 - 10 minutes depending on skin sensitivity. Check in with client on comfortability + client may experience slight tingle.
